The town of Fitzwilliam is to be congratulated upon the acquisition of its library building, the former homestead of the late Daniel Spaulding, which was presented to the town by his grandson, Daniel E. Bradley of Berlin, Connecticut.

The building has been repaired and remodeled by the generous donations of citizens, friends and former residents of the town, at an expense exceeding the sum of four thousand dollars, and was appropriately dedicated October 26, 1912, the principal address being delivered by Hon. A. E. Pillsbury, Ex-Attorney-General of Massachusetts. A full account of the proceedings and the addresses on the occasion, we are informed, will be published in pamphlet form at an early date.

The books of the library and a portion of the pictures have already been moved into the building, and its reading room and children's corner are very attractive, and we trust that their use will be of lasting benefit, and aid in the improvement and education of the young and rising generation of the town, and all its citizens.

Respectfully submitted,

ANNIE L. COLBY, Librarian.

Report of

Superintendent of Schools

To the Fitzwilliam School Board:—

I herewith submit my first annual report, the thirteenth annual report of the Superintendent of Schools.

The following table is to show the membership by schools and by grades and to afford a comparison with a like table of one year ago:

					Grades					Increase
Schools	I	II	III	IV	V	VI	VII	VIII	Totals	or decrease
Number 1.	3	4	3	4		2	2		18	+ 1
Number 5, Pr.	20	10	9	7					46	+11
Number 5, Gr.					7		14		27	— 2
Columbian Pr.	16	10	10	12			48		48	— 4
Columbian Gr.					9	3	4	7	23	+ 0
Number 10	3	4		6		5		3	21	+ 1
						Totals			183	+ 8

This table will show that the primary rooms at the Depot and Village schools are congested. The tension has been somewhat relieved by allowing the first and second grades to go at recess, but this arrangement is not entirely satisfactory. I recommend that the fourth grade be put under the grammar school teacher, or that the minimum age of admission be six years, or six and a half years in September. Another way to avoid this overcrowding would be to allow the first grade to come only in the morning and the second grades in the afternoon, or to hire two assistants. Some one of these restrictions or a combination of them would result in a higher efficiency for the school system.

On taking up my present position, I found that great injury had been done the schools by the frequent changing of

teachers at the Village Grammar and State Line schools. This changing of teachers in midyear is bad for the schools even if an improvement be made in the teaching force, for the very act of changing means more or less chaos and readjustment, which takes up school time. Fortunately we have been able to stop most of these "leaks," for, up to the present time, there have been no changes among teachers this year, although there have been two or three substitutions.

With the addition of drawing to the curriculum of the Fitzwilliam schools, a distinct advance has been made in education. I notice as I watch the work of the pupils that they take a keen delight in this work. A more extended report will undoubtedly be made by the supervisor in charge.

The attendance in all schools, except at State Line during the winter term, has been satisfactory. It has occurred to me that if the parents and children in this vicinity are not keen to receive the benefits of a public school education, it would be well for the School Board to close the school a part of the winter term and spend the money where it would bring better results.

It is significant to note in passing that the first prosecution for some years of a parent for refusing to send his children to school occurred this fall.

It is with great pleasure that I note that so many boys and girls plan to attend and are attending high school, even under such a handicap as the present train service makes. I wrote to the proper officials of the Boston & Maine Railroad, protesting against the train service, as no doubt many another has done, but to no avail.

Mr. W. H. Watson, principal of the Keene High School, writes me as follows under date of Feb. 13th: "I should say, in general, that the preparation of the Fitzwilliam pupils is good; that they, in general, stand well in their work and that their attendance has been very good so far this year."

During the year several improvements have been made on the physical side. Some new blackboards and adjustable seats have been purchased and installed in both the Village and Depot schools, and more such equipment is needed. I

urge than an extra appropriation of $50 be made this year to purchase three or four sets of standard reading books up to and including fourth readers for all schools. Perhaps it is not fully realized that only three or four such sets are available and some of these are in such condition as to be unfit for use.

The school-yard at Fitzwilliam Depot is very muddy most of the time and the children track in large quantities of dirt. The yard is badly in need of some covering of sand or gravel or crushed stone, or the building of a wide board walk. When once the mud has been tracked in, it disintegrates and becomes dust. Dust, we know, is one of the most dangerous carriers of disease. Hence the need of speedy correction of this defect.

In conclusion permit me to thank those who have helped me to do what was thought best in the administration of the Fitzwilliam schools, teachers, parents, scholars, and School Board.

Cordially yours,

WM. L. MacDONALD,

Superintendent of Schools.

East Jaffrey, N. H., Feb. 1, 1913.

Report of Supervisor of Music

Mr. Wm. L. MacDonald, Superintendent of Schools:

I hereby submit the report in music for the year beginning September, 1912.

The books in use in all the schools are the Educational Music Readers. The Weaver slips have been put into the Center and Depot schools. These slips make each child responsible in the music and do away with the leader system to the extent that each one is sure that he is right. The use of these slips should be of assistance in other studies for they, if properly used, develop power of concentration, ability to make rapid decisions and show the value of accuracy.

In State Line school, School No. 10, and the primary rooms at the Depot and the Center, two classes have been formed. In the grammar rooms all grades work together. Much individual work is the principal feature of the primary grades, the object being to have each pupil able to keep the pitch and to read in all the keys. The upper grades are doing two and three-part singing. Ear training and written work are important features. The music period is divided into scale work, ear training, the prepared lesson, and sight reading or new technical work.

Outlines giving the aim and amount of work to be covered in each grade have been provided for the teachers. The following is a brief summary of this work as given in each grade:

Grade I—Tune, major scale, staff reading. Time, first time motion.

Grade II—Tune, pitch names of lines and spaces. Time, second time motion.

Grade III—Tune, finding "Do" from key signature. Time, third time motion.

Grade IV—Names of keys. First step in chromatics.

Grade V—Second step in chromatics. Arithmetic in music. Theory of common time.

Grade VI—Position of sharps and flats in signature; use of all chromatic characters in writing. Four time motion; fifth time motion; theory of compound time; sixth time

motion; seventh time motion.

Grades VII and VIII—Bass clef; word reading; biography. Syncopation.

I wish to thank teachers, committee and superintendent for their interest and co-operation in the work.

Respectfully submitted,
A. JEAN BROWN.

Report of Supervisor of Drawing

Mr. Wm. L. MacDonald, Superintendent of Schools:—

I hereby submit at your request the report of drawing for the year beginning September, 1912.

Outlines are provided each month. These plan for two lessons a week. Great enthusiasm has been shown for this new subject and the results have been very gratifying.

The work began with a study of autumn flowers and was followed by the study of the foliage. Late October and November brought seed pods, vegetables and work for Hallowe'en and Thanksgiving. Printing of mottoes suitable to the Christmas season was the holiday work for the upper grades, and cutting of stockings, trees, bells, etc., the work of the primary. Original designs for wall paper, a study of color harmonies, the use of paints in flat and graded washes was the work for January in the upper grades; in the primary, drawing and free-hand cutting were the subjects of interest.

The work for the remainder of the year will consist of paper cutting and folding, composition, design, pose, still life, measuring, and a study of the spring flowers.

Crayons have been provided for all schools; scissors for the lower grades, and enough boxes of water colors so that each school may have a painting lesson on the day that the supervisor visits.

I wish to express my appreciation of the work and the interest shown by the teachers and the kindness of Superintendent and Committee.

Respectfully submitted,
A. JEAN BROWN.

Town Warrant

The State of New Hampshire

To the inhabitants of the town of Fitzwilliam in the County of Cheshire, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the town hall in said Fitzwilliam on Tuesday, the eleventh day of March next, at nine of the clock in the forenoon, to act upon the following subjects:—

Art. 1. To hear and act upon reports of agents, auditors, committees or officers heretofore chosen.

Art. 2. To choose all necessary town officers for the year ensuing.

Art. 3. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriations for the same.

Art. 4. To allow accounts against the town.

Art. 5. To raise and appropriate money for repairs of highways and bridges, and determine the amount.

Art. 6. To see what action the town will take in regard to the appointment of a liquor agent for the ensuing year.

Art. 7. To see if the town will instruct the selectmen to apply for state aid for the permanent improvement of highways.

Art. 8. To see if the town will raise and appropriate one hundred dollars to cut down a knowl in the "East Howeville Road" (so called) with the object of controlling a spring of water in the road at this place; said knowl being about one mile southerly from Fitzwilliam Depot, and the first rise northerly from the fork of the "Brigham Hill" road.

Art. 9. To see if the town will vote to raise and appropjriate the sum of $200.00 to repair that part of the "Royal-

ston Road" between E. L. Stone's residence and railroad bridge.

Art. 10. To see if the town will vote to discontinue the road leading from the "Lower Troy Road" to land of Bessie P. Bigelow, the same being a part of the "old tannery road."

Art. 11. To see if the town will vote to sell the gravel pit near the house of Daniel F. Hayden.

Art. 12. To see if the town will vote to build a sidewalk between the village and the railroad station, or take any action in the matter.

Art. 13. To see if the town will instruct the Selectmen to hire a competent man and single team, if necessary, to patrol our roads and make necessary minor repairs for three months in the year, one month in the spring, one month in the summer and one month in the fall. It shall be this man's duty to spend his entire time on the roads during the periods designated and his pay, which shall be determined by the Selectmen, shall be taken out of the general highway fund.

Art. 14. If State aid for highways is not accepted: To see if the town will vote to instruct the Selectmen to secure the services of a competent engineer to lay out and supervise construction work where permanent improvement of highways is undertaken.

Art. 15. To see if the town will vote to raise and appropriate the sum of $300.00 (three hundred dollars) to purchase a piano for the town hall.

Art. 16. To see if the town will vote to raise and appropriate the sum of $200 (two hundred dollars) to install electric lights in the town hall building.

Art. 17. To see if the town will vote to raise and appropriate the sum of $200 (two hundred dollars) for concerts by the Fitzwilliam Band, the number of concerts to be equally divided between Fitzwilliam village and the Depot village.

Art. 18. To see if the town will vote to raise the pay of the fire department to 35 cents per hour for the regular pay and 25 cents per hour for detailed time.

Art. 19. To see if the town will vote to raise and appro-

priate a sum not to exceed $700 for the purpose of lighting the streets by electricity.

Art. 20. To see if the town will vote to raise and appropriate a sum not to exceed one thousand dollars ($1000) to install a public watering trough, and equip the same with running water, at Fitzwilliam Depot village.

Art. 21. To see if the town will raise and appropriate a sum not to exceed $300 for the care and maintenance of the Fitzwilliam Town Library.

Art. 22. To see if the town will vote to change the form of payment of the librarian from a lump sum per year to a basis of 15 cents per hour of working time.

Art. 23. To see if the town will vote to instruct the selectmen to invest in a New Hampshire Savings Bank all cemetery trust funds hereafter received, the incomes of which are to be used on private lots, and when such sums have accumulated to a sufficiently large amount it may be invested in any securities which are lawful investments for New Hampshire banks; but in no case shall these funds be turned into the general town fund.

Art. 24. To see if the town will accept the sum of fifty dollars from the estate of Sarah A. Haskell, the income of which shall be used annually for the care of the Levi Haskell lot in the cemetery.

Art. 25. To see if the town will take any action toward inducing new industries to come here.

Art. 26. To see if the town cares to take any action toward the observance of Old Home day.

Art. 27. To see what action, if any, the town will take in relation to collecting the delinquent tax against one S. R. Hamilton, for the year of 1912.

Art. 28. To see if the town will rescind the last clause of the resolution adopted at the annual town meeting, March 11, 1871, in relation to the use of the center room on the north side of the lower floor of the town house (for the use of the Town Library) and authorize the selectmen to use said room for a selectmen's room, and also, to authorize its

use for a police or justice court room when requested for that purpose.

Art. 29. To see if the town will vote to grant and assign the use of the old selectmen's room in the northeast corner of the lower floor of the town house for a cook room or kitchen when required for that purpose.

Art. 30. To see if the town will authorize the trustees of the town library to sell such bookcases in the old library room as are not needed in the new library building or the selectmen's room.

Art. 31. To transact any business that may legally come before this meeting.

Given under our hands and seal this twenty-second day of February in the year of our Lord, nineteen hundred and thirteen.
